Official Information Act Request

Thank you for your request of 23 February 2026, under the Official Information Act 1982, for the following information:

A. Average grades by external subject over time.

For every NZQA external examination subject (including all NCEA levels & scholarship exams provided by NZQA), please provide the average grade (or equivalent measure of achievement, such as the distribution of Not Achieved / Achieved / Merit / Excellence results, or numerical score where applicable (e.g. score out of 24 as it is for most subjects)) awarded to students for each external standard or subject, for each year from 2000 to 2025 inclusive. If records prior to a certain year within that range are not held, please provide data from the earliest year available.

B. Breakdown of grades by sex.

For the same dataset described in Part A, please provide the grade data broken down by the student's recorded sex at birth, specifically Male and Female.

C. Breakdown by examination session (morning or afternoon).

For the same dataset described in Part A, please provide the grade data broken down by whether the external examination was sat in a morning or afternoon session.

Where it is not possible to provide all three breakdowns (A, B, and C) in a single combined dataset, I am happy to receive them as separate tables or files.

For the avoidance of doubt, this request covers all externally assessed standards administered by NZQA, including but not limited to NCEA Level 1, 2, and 3 external achievement standards and unit standards, as well as any Scholarship examinations where grade data is held.

Response

In response to your request, please see the attached spreadsheet *RS-6540 OIA Externally Assessed Data v1.0* which contains the distribution of assessed results (Not Achieved, Achieved, Merit, and Excellence for assessment standards; and No Scholarship, Scholarship, and Outstanding Scholarship for scholarship assessments) for every externally assessed standard, between 2003 and 2025.

Note:

- NCEA Levels 1, 2 and 3 were progressively introduced between 2002 and 2004. The information held in our systems for 2002 is sparse and not representative of a typical year (very few results) and therefore the timeseries provided starts at 2003.

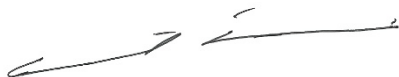

- We have combined the response for A & C in your request (see tab “A&C” in the provided spreadsheet). Each standard assessed via examination or digital examination has been given an indication as to whether it was assessed in the morning or afternoon (AM/PM).
- The AM/PM indicator has not been provided where the standard was not assessed via examination or digital examination.
- A session title has been provided to give an indication of what level/type of assessment each standard was, and what subject it related to – these are very similar to what would appear in an examination timetable in any given year.
- The session titles and AM/PM indicator information (including the AM/PM indicator) is not available for 2003.
- Under section 9(2)(a) of the OIA, to protect the privacy of natural persons, the numbers and proportions have been withheld (represented by 's') where the total number of assessed results is fewer than five or where providing the figures could be used to unmask withheld data.

Our response to your request may be published on our website after five working days. Your name and contact details will be removed before publication.

If you require further assistance or believe we have misinterpreted your request, please contact Elizabeth Templeton in the Office of the Chief Executive, email elizabeth.templeton@nzqa.govt.nz or telephone (04) 463 3339.

You have the right to seek an investigation or review by the Ombudsman of this decision under section 28(3) of the Official Information Act 1982. Details of how to make a complaint can be found at www.ombudsman.parliament.nz. You can also telephone 0800 802 502 or write to the Ombudsman at PO Box 10152, Wellington, 6143.

Nāku nā

Dr Grant Klinkum
Pouwhakahaere/Chief Executive
