In responding to this request, entries for a subject/standard has been used as a proxy for schools offering a subject or standard. Schools are able to offer assessment for all standards within their consent provisions. There is a base scope of consent that all schools hold which includes all achievement standards. NZQA does not hold separate information on which schools offer subjects or standards; we only hold information on schools that report entries and/or results for standards to us.

The achievement standards included in the response to each question are set out in the table below. Further information on each can be found on the Directory of Assessment Standards https://www.nzqa.govt.nz/qualifications-standards/standards/.
