### Official Information Act Request

Thank you for your request of 29 March 2022, under the Official Information Act 1982, for the following information:

*2021 national NCEA level 1, 2 and 3 results, including the different levels of achievement, separated by gender. In addition to total numbers, please provide those stats cross referenced against:  
(a) decile; and  
(b) ethnicity*

### Response

Attached is a spreadsheet with the information covering your request. Achievement data shows whether a student achieved the specified qualification, while the Endorsement data is a further breakdown of those who have achieved an NCEA qualification with a Merit or Excellence endorsement. Note also that achievement of a specific level of an NCEA is not bound by a student's year level, e.g NCEA Level 3 can be achieved by Year Level 11, 12 and 13 students.

To obtain the information you require we have categorised the data into the four tabs listed below:

1. Achievement by Gender and Decile Band
2. Achievement by Gender and Ethnicity
3. Endorsement (Merit and Excellence only) by Gender and Decile Band
4. Endorsement by Gender and Ethnicity

To filter the spreadsheet to obtain the information you require, follow the steps below:

- Filter column B for student year level.
- Filter column C for student ethnicity.
- Filter column D for student gender.
- Filter column E for NCEA qualification level.

Please note:

- Gender is provided as either Male, Female or Unknown.
- Decile data has been reported in blocks of 1-3, 4-7, and 8-10 and Not Stated.
- Ethnicity data is displayed by: New Zealand Māori, Pasifika, Asian, New Zealand European and Other.
- Only students in years 11,12 and 13 are included.

NZQA now uses an Enrolment-based method of reporting statistics. For additional information refer to the link below:
