## Official Information Act Request

Thank you for your request of 18 November 2022, under the Official Information Act 1982, for the following information:

- *I would like to know the number of students across New Zealand who attend an exam then don't attempt various standards subject by subject at all levels.*
- *I would like to see some evidence on the number of students across New Zealand who only achieve the minimum number of credits at each level.*

*I would like to see a change where every student at Level 1 must pass English and Math's external standards before they get level 1, Math's or English at Level 2, Math's or English at Level 3.*

*NCEA simply does not give enough recognition for students gaining. Yes they get some minor recognition if they gain excellence in all subjects but no real recognition for getting excellence in a single subject. So if a student is really strong in one subject there is no incentive to strive for excellence in that subject.*

The attached spreadsheet, CR25705 PRS-4739 Voiding and Credit Counts, contains data from 2017-2021 in response to your first two points.

Note, for 2020 and 2021, the data was affected by the various Covid-19 mitigations<sup>1</sup> that were applied:

- Unexpected Event Grades were available for all students in Auckland, Northland and parts of the Waikato in 2021.
- Learning Recognition Credits are included in the counts for 2020 and 2021.

In relation to your additional comments:

1. Planned changes to the National Certificates in Educational Achievement (NCEA) are detailed on the Ministry of Education's website: <https://ncea.education.govt.nz/understanding-how-ncea-requirements-are-changing>
2. Students can gain an endorsement for a course if, in a single school year, they achieve 14 or more credits at Achieved or Merit or Excellence, where at least three of these credits are from externally assessed standards and three credits from internally assessed standards. There are some exemptions from the internal external credit requirements. These are articulated in the *Assessment (including Examination) Rules for Schools with Consent to Assess 2022*, under Section 8.5 Course Endorsement<sup>2</sup>.
