

Green List

Do you require the Skill Shortage List Assessment **Add-On** for your Green List occupation?

If you require an International Qualification Assessment (IOA) to apply to Immigration New Zealand under the **Green List**, please refer to information on the following pages to determine if you require the **Skill Shortage List Assessment Add-On**. This guidance is provided for **information purposes only** and must be read in conjunction with Immigration New Zealand's published [Green List](#).

NOTE: NZQF mentioned in the requirements below refers to the **New Zealand Qualification Framework**. [Click here](#) to learn more about levels and qualification types on the NZQF.

IMPORTANT: NZQA evaluates qualifications against the requirements listed in this document. We do not evaluate against specific New Zealand qualifications listed on Immigration New Zealand's Green List, as those are intended for people who complete New Zealand qualifications at New Zealand providers. We also do not evaluate work experience (unless it was a component of your qualification) nor any other requirements not related to a qualification.

DISCLAIMER: The information in this document is provided by NZQA to help applicants select the correct add-on for their IOA application (if required). **It is not intended to replace Immigration New Zealand's Green List**. NZQA assumes no responsibility for errors or omissions in the contents provided.
