Ākonga booklet

The ākonga receives this booklet. It outlines important information for their assessment as well as the assessment tasks.

Ākonga assessment material

All ākonga assessment material and any other evidence must be collected by the assessor and retained for assessment and moderation purposes. Please see below for further information regarding moderation.

If ākonga choose to provide oral evidence this must be recorded (i.e. recorded onto a device or USB flash drive), all files must be kept safe for moderation purposes.

Where ākonga work has been selected for moderation the USB flash drive must be included with the assessment materials.

If a recording of the demonstration is submitted for moderation, the ākonga identification sheet (refer following link: <http://www.nzqa.govt.nz/assets/Providers-and-partners/Assessment-and-moderation/mod-visevidence-cvr.doc>) must be included.

Authenticity

As per NZQA requirements, the assessor must:

- Verify that the work submitted for assessment has been produced by the ākonga.
- Consider (and manage) the potential for work to have been copied, borrowed from another ākonga, photocopied from a book or downloaded from the internet.

Ākonga may work with and learn from others to gather information from a variety of sources. However, you must be clear that the work to be assessed has been processed and produced by the ākonga.

To help manage authenticity of ākonga work, where the ākonga is asked to complete any written tasks, the ākonga is asked to use their own words as well as provide reference/s for their information. Please ensure you discuss this with your ākonga.

HEI WHAKATAUIRA (SAMPLE ANSWER)

ROLE/MAHI 1

Caring for my whānau

During the nationwide lockdown due to the Covid-19 pandemic, I was given the responsibility to take care of my siblings and our household, while my parents (who were both essential workers) continued to work. My Dad works as a recycling truck driver and works Monday to Friday from 6 am to 4 pm. My mum is a social worker with Oranga Tamariki. Usually Mum will work during the week but sometimes she has to work weekends when they need her. I have three younger brothers, Kaiārahi is 12, Hēmi is 9 and Manaaki is 5 years old. My name is Te Kotuku and I am almost 16. My responsibilities for a typical day would include:

- Ensuring my brothers are up, dressed, washed and ready for the day.
- Preparing breakfast for my brothers which includes planning what they will eat, preparing the kai and instructing Hemi to set the table and Kaia to do the dishes. Preparing kai for each meal (not just breakfast) requires planning and preparation. I am lucky that my mum and dad have taught me how to cook some meals. Breakfast is easy, when its toast and cereal but some mornings I would cook scrambled eggs, fry bacon and heat up spaghetti in the microwave to have on toast. This requires time management to ensure everything is cooked at the same time. I try to keep lunches and dinners pretty simple but when I forget how to cook something, I ask Matua Google.
- Cleaning the house. I would ask my 12-year-old brother Kaia to make the beds and vacuum the floor.
- Preparing lunch. This would either be sandwiches, noodles or cheese toasties.
- Entertaining the boys. During a fine day, I would play with them outside or let my teina play on their devices if they were well behaved.
- Online schoolwork. I tried to allow at least 2 hours a day for my siblings and I to complete online school mahi, but it wasn't always that easy.
- Prepare and cook dinner or help Dad if he is cooking. My favourite meals to cook include boil up, seafood chowder and apricot chicken, although my siblings like nuggets and chips.

- Occasionally I will go shopping for groceries. I have just got my restricted licence and my dad has let me drive to Pak and Save on my own during the lock down to get what we need. Although it was a hōhā lining up, it had to be done during the lock down.

Doing the practical skills that I have described has also shown me that I have displayed traits of leadership, time management, organising skills, planning and preparation and operational skills to ensure our whare is happy and running smoothly.

Describe how these skills can benefit yourself and your whānau.

- Range may include but is not limited to sharing knowledge to build confidence and skill base within your whānau, encouraging self-development, getting mahi to support yourself and whānau.

HEI WHAKATAUIRA (SAMPLE ANSWER)

In my view, I believe that pūkengatanga is sometimes undervalued because to some people, it may be seen as just 'doing stuff' but when you are brought up learning the importance of whānau and looking after whānau, doing these daily chores becomes even more important because it's about doing what is best for your whole whānau. My parents, my nanny and papa, my aunties and uncles and wider whānau have all played a part in teaching us various skills from a young age. Whether it is at the marae, out fishing, in the garden, at home or at a whānau gathering or hui, we are taught to help one another. This creates a strong family bond, good work ethic and important life skills that can contribute to our whānau well-being. These skills and knowledge will definitely guide and help me in the future.

I learnt at a young age to prepare food, do the dishes, clear and set the tables and make cups of tea for my nannies and papa' whether it was at the marae or at our house. My whānau are very strong when it comes to manaakitanga therefore it is very important to learn the necessary skills or pūkenga to ensure you are caring for and looking after your whānau or manuhiri. It was also normal in our whare to make sure the younger kids were taken care of as well. Each member of the whānau are treated just as importantly because everyone has an important part to play.

The skills I described above are very beneficial for myself and my whānau because my parents rely on me to do what is necessary to keep my siblings safe and well while my parents are working. My organisational skills allow for things to run smoothly at home. My cooking skills allow my whanau to eat healthily and regularly. My leadership skills allow for my siblings to be cared for and their needs met. My work ethic allows me to do what is always best for my whānau. This is a tribute to my parents because they both work very hard for us. Without their input, and the input of my wider whānau, I would not have been able to adapt to the challenges of this pandemic and look after my whānau during the Covid-19 lockdown.

ROLE/MAHI 2

HEI WHAKATAUIRA (SAMPLE ANSWER)

DEMONSTRATION OF PŪKENGATANGA WHAKARITE KAI (PARAKUIHI)	VISUAL EVIDENCE COLLECTED
<p>MAHI TUATAHI: PLANNING</p> <p>Make sure you have all the ingredients such as 6 eggs, milk or cream, a large can of spaghetti, bacon, bread for toast, butter and salt.</p>	
<p>MAHI TUARUA: PREPPING INGREDIENTS AND DISHES</p> <p>Break 6 eggs into a large mixing bowl and beat the eggs with a whisk until the eggs are well mixed. You can add a little bit of cream or milk and a bit of salt and mix anō. Mum doesn't like it when we put heaps of salt on our kai even though my nan uses heaps of salt. Set aside until you have prepared the other kai.</p>	
<p>MAHI TUATORU: SAFETY IN COOKING</p> <p>Use a can opener to open the spaghetti and pour into a microwave proof bowl. Add a little bit of milk and mix it through. Cover with glad wrap and set aside until you are ready to heat it in the microwave.</p>	
<p>MAHI TUAWHĀ: COOKING METHODS</p> <p>If you have a grill on your oven, you can place 6 slices of bacon on cooking paper and put them on the tray and place it in the grill on high. Remember to keep the door open when you are grilling. Grill for about 2-3mins on both sides. When your bacon is cooked, turn off the grill and you can leave it in there to stay warm.</p>	
<p>MAHI TUARIMA: SAFETY AROUND THE STOVE AND OVEN</p> <p>Turn on a stove element and heat a little bit of butter in a frying pan, once its melted add the egg that you mixed before. Mix it as it cooks so it doesn't stick to the bottom. It's best to watch it as it cooks so you don't burn it. You will know when its cooked when the liquid egg is fluffy. Once cooked turn the element off and cover the eggs with a lid.</p>	

MAHI TUAONO: SERVING KAI AND ORGANISING TEINA

Put the spaghetti in the microwave on high for 3 mins while you toast 6 slices of bread. When the microwave 'dings', take out the spaghetti, kia tūpato nā te mea, tēnā pea he wera. Now that all the kai is cooked you can dish it up. Put your plates on the bench and put a piece of toast on each plate. Dish the scrambled egg, spaghetti and a slice of bacon on each plate. Call the kids for kai.

MAHI TUAWHITU: LEADERSHIP AND ORGANISATION

Our parents taught us at young age to always tuku karakia hei whakapai i ngā kai. My little brothers Hēmi and Manaaki take turns to bless our kai. This is the karakia they usually say:

Nau mai e ngā hua, o te wao, o te ngākina, o te wai tai, o te wai Māori. Nā tāne, nā Rongo, nā Tangaroa, nā Maru. Ko Ranginui e tū iho nei ko Papatūānuku e takoto nei, tūturu whakamaua kia tina, haumie, hui e tāiki e.

KO NGĀ TIKANGA ME NGĀ KŌRERO TUKU IHO:

When preparing and eating kai there are certain things or tikanga/kawa that must be observed. These practices were taught to us by my parents and grandparents who also learnt from their tūpuna.

- Kaua e noho ki runga tēpu
- Me horoi ō ringaringa i mua iho i te wā kai
- Me tuku karakia hei whakapai te kai
- He wā kai tēnei nō reira kaua e waiata i te tēpu.
- Kaua e mahi heahea i te tēpu
- Kaua noa e toro atu i ō ringaringa ki mua i tētahi atu tangata nō reira kia tika te kōrero arā, homai koa te pata, te tote te aha te aha
- Kaua e moumou kai
