Daniel paddles his kayak in Awaroa Inlet.

He leaves Awaroa Hut & Campsite, paddles out into the inlet and then paddles to the site of the Old steam engine.

The map below shows a possible course for Daniel to paddle.

Write down the distance and direction for each section of the course.

2cm = 1000m
400m 290°
then 900m S.W. ①
and 400m 170°
