Assessment format

A “common assessment activity” (CAA) is developed and marked by NZQA, and administered by a kura/school/tertiary provider in a single session on a date they are to nominate during the period of assessment specified above. The assessment is designed to be completed in 60 minutes by most learners, but schools may allow as much time as necessary for candidates to complete the assessment in one session.

Candidates will be required to respond to questions relating to a range of written texts of different types and varying lengths, aligned to Levels 4 and 5 of the New Zealand Curriculum. The texts will relate to a range of experiences relevant to everyday life, such as employment opportunities, health and safety situations, media coverage, sports events, school or community events, and important individuals.

The questions will require short-answer, matching, labelling, and multiple-choice responses. Questions may ask candidates to do any of the following:

- locate facts or information
- select appropriate vocabulary
- describe who, what, when, where, how
- recognise features of language and structure
- identify main ideas
- identify the writer’s purpose or point of view
- interpret information from text features
- distinguish fact from opinion
- distinguish relevant from irrelevant information

- identify bias / misinformation / omission
- make basic inferences and predictions
- make accurate generalisations
- organise information
- summarise information
- make a recommendation based on information in the text
- compare or contrast texts.

Conditions of assessment

Candidates must complete their assessment individually under teacher supervision, in accordance with the NCEA [Assessment and Examination Rules and Procedures](#). Candidates are not permitted to access any resources other than those supplied in the assessment.
