## Scholarship 2022 Drama PART THREE: Impromptu Performance Task

### INSTRUCTIONS TO THE CANDIDATE

Here is the prescribed impromptu performance task:

Use elements of drama to create a short sequence, with three distinctly contrasting characters, in response to the following scenario:

“Everything was in place for the great event, when suddenly ...”

You are **not** required to include the words above, but you may do so if you wish. You must play **all three** characters. Be creative in the use of **space** and your **physicality**, as well as **dialogue**, to convey the story.

You have TWO minutes to plan your performance. You may use pen and paper to plan, but not in the performance or the reflection that follows it.

The content and context of the performance **must not** relate to any material already presented. The performance is not to exceed TWO minutes in length.

You may refer to this card again in your reflection to camera afterwards. Talk about how you developed dramatic interest. Where do you think it was successful, and why? What might you do differently another time?

Your reflection is not to exceed TWO minutes in length.

**YOU MAY RETAIN THIS CARD UNTIL AFTER YOUR PERFORMANCE AND YOUR REFLECTION TO CAMERA.**
