Format of the assessment

Candidates will be required to answer three questions. All questions will relate to the specified context below. Questions may require candidates to refer to provided resources. An in-depth understanding of the psychology related to the specified context is expected.

Questions will examine the candidates' ability to:

- critique research methods in the specified context
- develop solutions to a given issue using psychological approaches, within the specified context
- critique debates that are prevalent within the specified context.

Further information about digital external assessment can be found on the NZQA website:
