92007 Design a digital technologies outcome

Credits: Five

SAMPLE ASSESSMENT

Achievement	Achievement with Merit	Achievement with Excellence
Design a digital technologies outcome.	Refine a design for a digital technologies outcome.	Evaluate a design for a digital technologies outcome.

DOCUMENT STATUS

This is a sample paper and should be read in conjunction with the Assessment Specifications for 2026.

DESCRIBING YOUR DESIGN

Describe a design for a feasible digital technologies outcome you have worked on this year.

- (a) (i) Identify the authentic context for your digital technologies design (e.g. website, application).

- (ii) Describe the specific need or opportunity that you aimed to address through your design project.

- (iii) Describe the potential users, and list three requirements of these potential users.

Requirement (1):

Requirement (2):

Requirement (3):

- (iv) Describe two or more design ideas you generated.

- (v) Describe two ways in which you used or applied the principles of manaakitanga and/or kaitiakitanga in your design or design process.

- (vi) Identify the form of your completed final design (such as a digital mock-up, storyboard, finished sketch, or game design document), then describe how it looks and how it works.

- (vii) Describe how your completed final design in (a)(vi) above meets the user requirements listed in (a)(iii) above.
