

Student 5: Low Achieved

NZQA Intended for teacher use only

91513 (3.2B) Student 5 - Extracts from student supporting evidence

Dramatic Concept:

We read *The Suitcase* about Croatian and Bosnian refugees. Our drama is about fitting in or belonging and how this is for those who have to move to a culturally different environment. The cultural differences are physicalised in the hopscotch game which is played differently in the two places.

The two places are presented with a split stage.
