

# NCEA Level 2 Spanish Vocabulary List

## Appendix for external assessment

### Texts for Achievement Standards

- 91148** Demonstrate understanding of a variety of spoken Spanish texts on familiar matters (2.1)
- 91151** Demonstrate understanding of a variety of written and/or visual Spanish text(s) on familiar matters (2.4)

These reflect the achievement objectives for levels 7 and 8 for Learning Languages:

- Communicate information, ideas, and opinions through increasingly complex and varied texts.
- Understand texts which explore the views of others, and which develop and share personal perspectives.

Students will be expected to identify linguistic and cultural forms that guide interpretation of texts. This will involve understanding information, ideas and opinions through increasingly complex and varied texts.

Level 2 texts will be based on familiar matters, personal/community interest. This refers to regularly encountered information, ideas, and opinions that will be expressed in clear standard language. The texts will reflect the relationship between language and culture and be adapted as appropriate.

The standards can be accessed here: [www.nzqa.govt.nz/spanish](http://www.nzqa.govt.nz/spanish)

### Notes to teachers

Students are expected to be able to recognise:

- where a noun, adverb, or adjective can easily be constructed from the verb or vice versa
- obvious cognates and loan words.

### Note for internal assessments

This appendix applies only to language used for the two end-of-year reading and listening external assessments. The language which students will use to communicate in **internal assessment** activities and associated learning opportunities throughout the year will necessarily reflect the Spanish teaching and learning that takes place within the context of each particular classroom and cannot and should not, therefore, be restricted to solely the language and useful expressions contained in this appendix.
