How will the authenticity of the work by the ākonga be authenticated? A process and evidential trail must be evident in order to demonstrate the authenticity of a student's work. The students, teachers and school community should be aware of the authenticity process.

Plagiarism is an easy error to avoid. The ākonga may cite the people and bodies of works referred to in their work.

For example:

- a brief sentence showing the origins of the work
- a reference page is attached at the end of the written task
- an acknowledgement to the person, or source of assistance
- the different forms of information support;
 - » oral communication: interviewing elders, adults, leaders, experts
