Student 6: High Not Achieved

NZ@A Intended for teacher use only

Tool	Plus	Minus	Interesting
College diary	I use it anyway and it will allow me to plan ahead for my project as well as all my other school stuff	It's not specifically for my project so I might get oth- er stuff mixed up with my project planning	
Year planner	l can see the whole year at once	l don't have room to write all the jobs on the year planner

Goals/critical I	eview points 3		
	Specifications	Method of Evaluation	To be done by
Design Specs	Must be appealing to target audience	Check off with client at the end of the project	Just before I write up my evaluation
Tech Specs	Must work in all browsers	Test in different browsers to make sure site works	2 weeks before deadline

Software	Dreamweaver and firefox	
Time	10 weeks	
Equipment	my laptop, school cameras, school computers	
Knowledge	Internet tutorials	
Problems an	d strategies log (5)	
and the second second		lient. Turns out she has already got a hosting space that I can us
2 April: Was w	use that	lient. Turns out she has already got a hosting space that I can u

My client gave me a pretty broad idea of what she liked and didn't want to meet much so I just wrote to-do lists and worked through them to get the site done...
