

Student 5: Low Achieved
NZQA Intended for teacher use only

Student Statement:

1

I liked the formal way Darryn George laid out his work so I have worked with this idea. The motifs in the middle represent the 4 people in my family and are 4 stylised frangipani designs which overlap. I chose to do them like this because it looked similar to George and also represent my Cook Island heritage. I am a keen waka ama paddler so the paddling images relate to this and also my waka (cook islands) origins with Takitimu waka.
