

Student 2 Page 1: High Merit

Intended for teacher use only

Plan

Make big images more like Hilliards work, make them match/look more like image #12 within the lines of images matching up but not in a straight way.

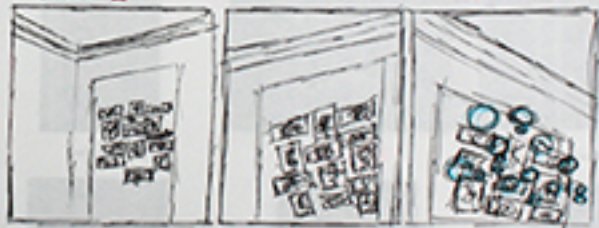

Incorporate matching lines and figures, looks neat, crop image to make them more off balance (crop along the sides).

Use items, personal items, place them through my room.

Photos of my friends and I across wardrobe doors.

Remember natural lines in my room but make them ~~stand~~ out of balance. Non-straight or right.

Sheet #2

Start using symbols!
